

## Google Slide Presentation

**Title: Body Systems Project/ Group #**

**\*\*SHARE ALL GROUP MEMBERS & MRS. SALAS**

TITLE SLIDE—Project name, group number, group members listed

### Person 1 (Slide 2)

Explains page 2 and the first box on page 3 of the student guide for Lesson 3

### Person 2 (Slide 3)

Explains the rest of page 3 from the student guide for Lesson 3

### Person 3

Diagram—SUPER detailed, labeled, colorful, neat

\*This should be done on chart paper/poster paper so that it is easy to read from a distance

### Person 4

3D Model

\*Use materials from home: straws, cups, cardboard, tissues, construction paper, etc., to build a 3D representation of your product. It should NOT be store bought-it should be original and use house hold items.
