Document Title: Waves Project, Group #

****SHARE ALL GROUP MEMBERS & MRS. SALAS**

Slide 1---Title slide: Project Name, Group number, group members listed

Slide 2 (Person 1-Researcher)

- Reveal whether you chose hearing/vision impairment and WHY
- Explain knowledge of waves –how does the body receive and interpret light/sound waves
- Explain how the impairment affects the ability to perceive waves
- Explain how waves varying in loudness/brightness change
- How does this prototype WORK?

Slide 3 (Person 2-Architect)

- Diagram (poster paper)
 - easy to read, labeled, colorful, NEAT

Slide 4 (Person 3-Contractor)

- 3D model
 - made with supplies FROM home-BUILD a model of your prototype. Do NOT just show up with someone you bought from the store. Make do with what you have at home!

Slide 5 (Person 4-Businessman/woman)

- Market this product –make a sales pitch
- How does a person get access to your product?
- Where can it be purchased?
- How much would it cost?
- How would this product get approved for use—free market/doctor's note?

**Use the rubric in the student guide for Lesson 3 to help you

**Presentation rubrics will be uploaded separately
